and analysis of the visual language used in comics. An example of a comic strip that uses the same panels and images every day but the text however changes from day to day is 'The research behind graphic novels and young learners'.

'The research behind graphic novels and young learners'

May 30th, 2020 - by Leslie Morrison, CTED Summer Leapfrog Coordinator over the last decade graphic novels have been a popular format in classrooms partly due to their appeal to reluctant readers. More recently a growing body of research focused on how the brain processes the combination of images and text indicates that
