**April 21st, 2020 - though  
the planner is designed  
to be utilized for only  
90 days it is far from  
cheap one could justify  
the cost of this planner  
in that it makes you dig  
deep and analyze every  
area of your life there  
is a lot of pre planning  
involved at the start of  
this planner but it is  
totally worth it'**
