May 22nd, 2020 - as i describe in  
my own book the patterning instinct  
a cultural history of humanity s  
search for meaning human cognition  
drives us to impose meaning into  
the universe a process that s  
substantially shaped by the culture  
a person is born into however by  
recognizing the underlying  
structures of meaning instilled in  
us by our own culture we can bee  
mindful of our own patterns of  
thought thus enabling us to reshape  
them for more beneficial outes a  
process i call cultural'
