gee lucas s wildest vision retrofuturist auteurism in

May 23rd, 2020 - all this is to say simply
that the star wars films have always been
unique and strange sometimes startlingly so
and i would argue that attack of the clones is

the strangest of them all due in no small part to the fact that it was made with the help of such pletely new technology what s even more startling is that it works both as a counterpoint or even panion piece to a film like'

'changes in star wars re releases

May 25th, 2020 - changes in star wars re releases vary from minor differences in color timing audio mixing and take choices to major insertions of new visual effects additions of characters and dialogue scene expansions and replacement of original cast members with newer ones though changes were also made to the prequel trilogy the original trilogy saw the most alteration''
