May 17th, 2020 - after reading global pharmaceuticals
ethics markets practices 2006 by petryna a few issues
stood out the most to me the flow of pharmaceuticals
described on page 6 is definitely arguable the flow asks

whose illness is worth treating whose life is worth saving i found these questions offensive'

'mon health policy interests and the shaping of global
October 15th, 2019 - these are 1 ensuring access
availability and the safety of pharmaceuticals and 2
ensuring that research and development efforts respond
to public health needs i argue that these issues are not
solely the concern of developing countries because the
diminishing national policy space for health in
pharmaceutical policies presents a challenge to all
governments including rich ones'
