'customer reviews the social photo on
December 26th, 2019 - jurgenson pares and
contrasts the early years of photography with
the rise of social media to reveal how
technology shapes how our lives are experienced
documented and shared he contends that the
social photo should be understood as part of an
expanding visual discourse where documentation
of experiences is usually more important than
the artistry of the image'

'*in which public key encryption algorithms are
the private*

*April 27th, 2020 - the rsa public key
encryption system has the characteristic that
the public key and the private key can be
reversed that is information encrypted with the
public key can be decrypted with the private
key but the keys are themselves symmetric such
that it s also possible to use them the other
way around and information encrypted with the
private key can be decrypted with the public
key'* **charlotte cotton**

*May 23rd, 2020 - charlotte cotton born 1970 is
an independent curator of and writer about
photography she has held positions including
head of the wallis annenberg photography*

'building a simple shopify app code envato tuts
May 18th, 2020 - private apps which work with
one store are not listed in the shopify app
store cannot be embedded into the shopify admin
panel and have limited access to the apis the
big technical difference between the two is
that public apps are authenticated using oauth
which requires more setup and a confusing new
user setup' 'how do i tell git for windows where
to find my private rsa

May 27th, 2020 - for git bash if you are
running msysgit i am assuming you are and are
looking to run git bash i remend it over
tortoisegit but i lean to the cli more than gui
now you need to figure out what your home
directory is for git bash by starting it then
type pwd on windows 7 it will be something like
c users phsr i think while you re in git bash
you should mkdir ssh'

'mon room

May 24th, 2020 - jun 12 2018 mon room writes
