way to classify wa'*

**'can i generate using an old  
water mill renewables first**

*June 2nd, 2020 - old  
watermills were the keystone  
of power generation a few  
centuries ago and in most  
cases the hydro resource at a  
watermill site will be  
unchanged so yes you should  
be able to generate using an  
old water mill the key question  
is whether it will be possible  
to install a modern hydro  
system and make a  
reasonable return on  
investment'*
