April 26th, 2020 - My aim with Moon Norway is to provide a guide to independent travellers planning their first trip to Norway. If that's you then this is the guidebook for you. I also made a real effort to include as much information as possible about the most common cruise stops as I know so many of you are planning to visit Norway on a cruise ship. 'West of the Moon' Book Review on Sense Media

December 13th, 2019 - Parents need to know that *West of the Moon* is told with a folktale flavor and many allusions to Norway fantastical creatures such as trolls and changelings but it's actually well researched historical fiction. A girl is sold by her family into what amounts to slavery and is beaten and otherwise mistreated by her master. She lies and steals and hurts her master to escape and emigrate to 'Norway'. *Book* Halifax Public Libraries Bibliomons
